Certification Overview

This dynamic learning experience provides a detailed outline of the program, accompanied by instruction and feedback from one of TMBC's Principal Facilitators. Each facilitator will have the chance to practice delivering energetic, compelling activities that lead groups to explore the principles of the strengths-based approach.

Learning Approach

FULL PARTICIPANT EXPERIENCE

Because you cannot teach what you do not know, each certification begins with facilitators experiencing the full program as participants. Feel what it's like to go through StandOut Team Member and understand what participants learn, feel, and do.

TEACH-BACKS

Teach-Backs are the primary learning method of the StandOut Team Member Certification. Because the best way to learn is by teaching, each participant will have multiple opportunities to practice delivering core pieces of content.

PRINCIPAL FACILITATOR INSTRUCTION

Our certifications are led by a Principal Facilitator with extensive expertise in Marcus Buckingham's work and deep knowledge of the StandOut Team Member program. Your instruction will be based on the experience and accumulated wisdom of numerous content deliveries.

DIFFERENT DELIVERY MODALITIES
